St. Paul Departs.

The U. S. T. S. St. Paul sailed for Manila at about 12:45 today, taking along her Christmas presents to the boys in Manila and her trained nurses to look after the sick soldier boys.

The band was on Brewer's wharf shortly before the transport left and the usual airs were played.

The nurses and soldiers going through were covered with leis. As the St. Paul hauled away from the wharf, three cheers for Honolulu were given.

It seems to be the belief of the officers on the St. Paul that that steamer will return here. There is enough coal in Manila for her to come to Honolulu direct instead of going to Hongkong or Nagasaki.

Typhoid in the City.

Typhoid fever, outside of the soldier camps, has made its appearance in the city. A Portuguese girl on Kinau was stricken down recently. She is now in a very precarious condition. The Portuguese of the vicinity are very much frightened about the matter.
